**FACES OF HAMILTON COUNTY**  
*People who call our community their own.*

**What makes Laura Wertz smile?** "Being able to come beside all of my friends with 4-H, with my other extracurriculars within school and outside. and just the camaraderie between me and my friends," said the 18-year-old, a Noblesville High School senior and 10-year Hamilton County 4-H'er. "I have been involved with 4-H ever since my brothers were young." The daughter of Brad and Susan Wertz was found March 16 making a presentation about sheep to second-graders during the Hamilton County Ag Day activities March 15-17 at the Fairgrounds in Noblesville. "I love the (4-H) Sheep project. It's provided a place where I can make many friends and have new, different opportunities where living in suburban Noblesville might not provide that. Being able to learn how to run a business by myself, raising animals and selling them for either wool or meat, has taught me money management, how to conduct myself in front of future investors and people who would like to support me in my career. I've learned a lot from 4-H, and it's just a really cool thing to be a part of, and I'm really thankful for it." She invites everyone to stop by at the Sheep Barn during the 4-H Fair, which runs July 14-18. She also plans to compete in the 4-H Queen Pageant. Favorite food at the 4-H Fair? She said, "Cherry Slushie from the (Westfield) Whiz Kids tent. Yes!" At NHS, she has performed in show choir all four years and performed March 17, on St. Patrick's Day, with NHS Singers during the district's show choir concert at the school. She performed in NHS's musicals, "High School Musical" as Ms. Darbus and in "Beauty & The Beast" as Mrs. Potts. After high school, she plans to attend Ball State University and study music education. She is a cadet teacher with Noblesville West Middle School choir director Alex Axsom and hopes to teach choir someday.

I encourage nature lovers to save the date for Blatchley Nature Study Club's Spring Wildflower Walk and Centennial Celebration in April.

I've been to the grounds a handful of times, especially in the springtime when there is much nature to enjoy. The Clubhouse is located at 125 Boulder Drive, off of Edith Avenue, north of the historic Potter's Bridge off of Cumberland Road in Noblesville.

A hidden gem in our community, the 15-acre sanctuary offers nature trails that wind through the property with trails overlooking the White River as well as ravines along Fox Prairie Creek., which snakes through the grounds.

# Celebrate Spring and Help Save Lives by Giving Blood

It's officially spring! As the weather warms up and the latest COVID-19 surge continues to slow, many people are looking forward to meeting up with family and friends. At the start of this new season, the American Red Cross encourages the community to play an important role in helping save lives by making blood donation part of their spring plans.

The Red Cross is grateful to the hundreds of thousands of individuals who have rolled up a sleeve to give in early 2022. It's important to remember donated blood has a limited shelf life, so supplies must be constantly replenished. In the days and weeks ahead, it's critically important to maintain a readily available

blood supply. Donors can make an appointment by downloading the Red Cross Blood Donor App, visiting RedCrossBlood.org or calling 1-800-RED CROSS (1-800-733-2767).

While getting back into the stands to watch the home team play this spring, donors can join a team of their own - Team Red Cross! As a thank-you, all who come to give April 1-18 will receive an exclusive Red Cross T-shirt, while supplies last.

The Red Cross is testing blood, platelet and plasma donations for COVID-19 antibodies. The test may indicate if the donor's immune system has produced antibodies to this coronavirus after vaccination or past exposure, regardless of

whether they developed symptoms.

Plasma from routine blood, platelet and plasma donations that have high levels of COVID-19 antibodies may be used as convalescent plasma to meet potential future needs of COVID-19 patients with weakened immune systems.

The Red Cross is not testing donors to diagnose infection, referred to as a diagnostic test. To protect the health and safety of Red Cross staff and donors, it is important that individuals who have been asked to quarantine or believe they may be ill with COVID-19 postpone donation until they are symptom free for 10 days and feeling well and healthy.

At a time when health information has never

been more important, the Red Cross is screening all blood, platelet and plasma donations from self-identified African American donors for the sickle cell trait. This additional screening will provide Black donors with an additional health insight and help the Red Cross identify compatible blood types more quickly to help patients with sickle cell disease. Blood transfusion is an essential treatment for those with sickle cell disease, and blood donations from individuals of the same race, ethnicity and blood type have a unique ability to help patients fighting sickle cell disease.

Donors can expect to receive antibody testing results and sickle cell

trait screening results, if applicable, within one to two weeks through the Red Cross Blood Donor App and the online donor portal at RedCrossBlood.org.

Each Red Cross blood drive and donation center follows high standards of safety and infection control, and additional precautions - including face masks for donors and staff, regardless of vaccination status - have been implemented to help protect the health of all those in attendance. Donors are asked to schedule an appointment prior to arriving at the drive.

Donors can also save up to 15 minutes at the blood drive by completing a RapidPass®. With RapidPass®, donors complete the pre-donation reading and health history

questionnaire online, on the day of donation, from a mobile device or computer. To complete a RapidPass®, follow the instructions at RedCrossBlood.org/RapidPass or use the Red Cross Blood Donor App. To donate blood, individuals need to bring a blood donor card or driver's license or two other forms of identification that are required at check-in. Individuals who are 17 years of age in most states (16 with parental consent where allowed by state law), weigh at least 110 pounds and are in generally good health may be eligible to donate blood. High school students and other donors 18 years of age and younger also must meet certain height and weight requirements.

# Holcomb Signs HB 1296, "Constitutional Carry" Law

Governor Eric J. Holcomb today signed HB 1296. With HB 1296, which repealed the law that required a license to carry a handgun in Indiana, now signed into law, Indiana Gov. Eric Holcomb issued the following statement:

"The Second Amendment has been debated for years, yet time and again our U.S. Supreme Court has reaffirmed this important constitutional right that I fully support. Twenty-three other states have laws comparable to HEA 1296," he said.

The Governor went on to say, "HEA 1296, which I've signed today, entrusts Hoosiers who can lawfully carry a handgun to responsibly do so within

our State. It's important to note that if a person is prohibited, under federal or state laws, from possessing a firearm before this law goes into effect, that person will still be prohibited. And if a prohibited person has a firearm, he or she can be prosecuted. Firearm permits will remain available, without fee, to anyone who wants or needs one, such as Hoosiers desiring to carry a firearm to, through or in another state that has reciprocity with Indiana."

Indiana State Police Superintendent Doug Carter issued the following statement: "As Superintendent of the Indiana State Police, I have pledged my continued commitment

to Governor Holcomb to work towards solutions enacting HEA 1296. I, like Governor Holcomb, feel enormous responsibility for front-line law enforcement officers. I will work with law enforcement leaders across our state to make necessary changes to firearms enforcement as well as finding the best way to identify individuals who are not allowed to carry a firearm as defined by Indiana statute."

He concluded his statement by saying, "We will continue to encourage citizens to apply for, and maintain, a firearms permit. A permit will assist law enforcement officers and will also allow a permit holder reciprocity with other states."

\*\* Final Maturity

The Township reserves the right to adjust principal amounts within maturities to achieve the financial objectives of the Township with respect to its anticipated debt service on the bonds based on the actual interest rates bid by the successful bidder. In addition, the Township reserves the right to decrease the entire principal amount of the bonds issued based on the actual interest rates bid by the successful bidder based on the principal and interest payments to be paid by the Township. If the maximum principal amount of the bonds issued decreases, the Township reserves the right to adjust principal amounts within maturities based on the parameters set forth in this paragraph.

All or a portion of the Bonds may be issued as one or more term bonds ("Term Bonds"), upon election of the successful bidder. Term Bonds shall have a stated maturity or maturities of January 15 or July 15 in the years determined by the successful bidder through the final maturity indicated above for the Bonds. Term Bonds shall be subject to mandatory sinking fund redemption and final payment(s) at maturity at 100% of the principal amount thereof, plus accrued interest to the redemption date, without premium, on dates consistent with the above-described maturity schedule.

The Bonds maturing or subject to mandatory Sinking Fund redemption on and after July 15, 2032 are subject to optional redemption by the Township on January 15, 2032 or any date thereafter, in whole or in part, on thirty (30) days' notice, in amounts and in order of maturity determined by the Township and by lot within a maturity at 100% of the face value thereof plus accrued interest to the date fixed for redemption and without premium.

Principal is payable at the designated office of a registrar and paying agent to be designated by the Township. Interest shall be paid by check mailed to the registered owners one day prior to the interest payment date or by wire transfer to depositories on the interest payment date.

Each bid must be for all of the Bonds and must state the rate or rates of interest therefor, not exceeding the maximum per annum interest rate hereinbefore specified. Such interest rate or rates must be in multiples of one-eighth (1/8) or one-one hundredth (1/100) of one percent (1.00%). Bids specifying more than one interest rate must also specify the amount and maturities of such series of Bonds bearing each rate. All Bonds of a specific series maturing on the same date shall bear the same rate of interest. Although not a term of sale, it is requested that each bid show the net dollar cost to final maturity and the net effective average interest rate on the entire issue. The award will be made to the bidder complying with the terms of sale and offering the lowest Net Interest Cost to the Township. The Net Interest Cost rate is determined by computing the total interest on all the Bonds at their maturities based upon the schedule provided minus any premium bid, if any, plus any discount, if any. In the event of a bidder's error in interest cost rate calculations, the interest rates and premium, if any, set forth or incorporated by reference in the bidder's bid form will be considered as the intended bid. No conditional bid or bids for less than 99% of the par value of the Bonds will be considered. The right is reserved to reject any and all bids. In the event no satisfactory bids are received at the time fixed for the sale, the sale will be continued from day to day thereafter, without further advertisement, for a period not to exceed thirty (30) days during which time no bid which provides a higher net interest cost to the Township equal to or higher than the best bid received at the time of the advertised sale will be considered. The Township is conducting this sale pursuant to Indiana Code 5-1-11-1(a)(2) and may negotiate the final terms of the sale without further advertisement.

Bids may be submitted electronically via PARITY® in accordance with this Notice of Intent to Sell Bonds, until 11:00 A.M. local time, on the date of sale, but no bid will be received after the time for receiving bids specified above. To the extent any instructions or directions set forth in PARITY® conflict with this Notice of Intent to Sell Bonds, the terms of this Notice of Intent to Sell Bonds shall control. For further information about PARITY®, potential bidders may contact the Municipal Advisor or i-Deal LLC at 1359 Broadway, 2nd Floor, New York, New York 10018, telephone (212) 849-5021. Sealed bids may be submitted to the Municipal Advisor at the mailing address, email address or facsimile number described above until 11:00 A.M. local time, on the date of the sale. It is currently anticipated that bids will be requested on or about April 27, 2022.

If using PARITY®, bidders must first visit the PARITY® web site where, if they have never registered with PARITY®, they can register and then request admission to bid on the Bonds. Only NASD registered broker dealers and dealer banks with DTC clearing arrangements will be eligible to bid. Any questions pertaining to the PARITY® web site may be directed to PARITY® at (212) 849-5021.

The "Rules" of PARITY® can be viewed on their websites and are incorporated herein by reference. Bidders must comply with the Rules of PARITY® in addition to requirements of this Official Notice of Intent to Sell Bonds. To the extent there is a conflict between the Rules of PARITY® and this Official Notice of Intent to Sell Bonds, this Official Notice of Intent to Sell Bonds shall control.

Bidders may change and submit bids as many times as they wish during the sale period, but they may not withdraw a submitted bid. The last bid submitted by a bidder prior to the deadline for the receipt of bids will be compared to all other final bids to determine the winning bid. During the sale, no bidder will see any other bidder's bid, nor will they see the status of their bid relative to other bids (e.g. whether their bid is a leading bid).

Each of the bids for the Bonds not submitted via PARITY® shall be (i) sealed in an envelope, or if sent by electronic mail or facsimile transmission with a cover page or information in the subject line, marked "Bid for Clay Township of Hamilton County, Indiana General Obligation Bonds, Series 2022," (ii) on the form provided by the Township, without additions, alterations or erasures, which forms may be obtained from the Municipal Advisor at the address set forth herein, and (iii) delivered to the Municipal Advisor on behalf of the Township.

A bidder may purchase bond insurance to guarantee the repayment of the debt service of the Bonds from a bond insurance company, provided, however, the payment of any premium for any such bond insurance will be paid by the successful bidder from its discount bid and will not be paid by the Township.

The successful bidder will be notified and instructed to submit a good faith deposit which may consist of either a certified or cashier's check or a wire transfer in the amount of one percent (1.0%) of the par amount of the Bonds ("Deposit"). If a check is submitted, it shall be drawn on a bank or trust company which is insured by the Federal Deposit Insurance Corporation and shall be submitted to the Township (or wire transfer such amount as instructed by the Township) not later than 3:30 pm. (Eastern Time) on the day following the award. In either case, the Deposit shall be payable to "Clay Township of Hamilton County, Indiana" and shall be held as a guaranty of the performance of the bid, and shall be applied to the purchase of the Bonds at closing. No interest on the Deposit will accrue to the successful bidder. In the event the successful bidder fails to honor its accepted bid, the Deposit will be retained by the Township as liquidated damages. The successful bidder will be required to make payment for such Bonds in Federal Reserve funds or other immediately available funds and accept delivery of the Bonds within five days after being notified that the Bonds are ready for delivery, at such bank in the City of Indianapolis, Indiana as the purchaser shall designate, or at such other location which may be mutually agreed to by the Township and such bidder. It is anticipated that the Bonds will be ready for delivery within thirty (30) days after the date of the sale and if not ready for delivery within forty-five (45) days after the sale date, the purchaser shall be entitled to rescind the sale and obtain the return of the Deposit. The successful bidder is expected to apply to a securities depository registered with the SEC to make the Bonds depository eligible.

All provisions of the bid form and Preliminary Official Statement (as hereinafter defined) are incorporated herein. As set forth in the Preliminary Official Statement, the Purchaser agrees by submission of their bid to assist the Township in establishing the issue price of the Bonds under the terms outlined therein and shall execute and deliver to the Township at closing an "issue price" certificate, together with the supporting pricing wires or equivalent communications, with such modifications as may be appropriate or necessary, in the reasonable judgement of the Purchaser, the Township and Bond Counsel.

The opinion of Kroger Gardis & Regas, LLP, Indianapolis, Indiana ("Bond Counsel"), approving the legality of the Bonds, together with a transcript of the Bond proceedings, and closing certificates in the usual form showing no litigation, will be furnished to the successful bidder at the expense of the Township.

The Bonds may be issued by means of a book-entry-only system with no physical distribution of bond certificates made to the public. In this case, one bond certificate for each maturity will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), and held in its custody. The successful bidder, as a condition of delivery of the Bonds, may be required to deposit the bond certificates with DTC, registered in the name of Cede & Co., nominee of DTC.

It is anticipated that CUSIP identification numbers will be printed on the Bonds, but neither the failure to print such numbers on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the Bonds in accordance with the terms of its bid. No CUSIP identification number shall be deemed to be a part of any bond or a part of the contract evidenced thereby and no liability shall hereafter attach to the Township or any of its officers or agents because of or on account of such numbers. All expenses in relation to the printing of CUSIP identification numbers on the Bonds shall be paid for by the Township; provided, however, that the CUSIP Service Bureau charge for the assignment of said numbers shall be the responsibility of and shall be paid for by the successful bidder. The successful bidder will also be responsible for any other fees or expenses it incurs in connection with the resale of the Bonds.

The Bonds are being issued pursuant to Indiana Code §36-10-7-2 and other applicable laws including Indiana Code 5-1 et seq., as in effect on the issue date of the Bonds (collectively the "Act") for the purpose of providing funds to be applied to all or a portion of the costs of the following: (i) the acquisition, design, construction and renovation of the Palladium Plaza and improvements to the Carter Green space including any related infrastructure, parking and utilities therewith and projects related thereto as approved by the Carmel Clay Parks Department; (ii) the acquisition, design, construction and equipping of the renovation and addition to the Depot building and related structures and amenities, including any related infrastructure, archive storage, parking and utilities associated therewith and projects related thereto, to be located at or near the existing Depot building located at 211 1st Street SW, Carmel, Indiana; (iii) the acquisition, design, construction and equipping of outdoor Japanese themed improvements to the Japanese Gardens located at One Civil Square, Carmel, Indiana, including any related infrastructure and utilities therewith and projects related thereto as approved by the Carmel Clay Parks Department; (iv) the acquisition, design, construction, repairs and renovations to the entrance drive and parking lot including drainage improvements for the Carmel Dad's Club sports facility located at 5459 E. Main Street, Carmel, Indiana 46032; and (v) the acquisition, design, construction, renovation and equipping of improvements to various parks operated by the Carmel Clay Parks Department and serving the Township (collectively the "Projects"), as authorized by Resolution No. 2022-03-15-01 adopted by the Township Board on March 15, 2022 (the "Authorizing Resolution"). The Bonds will be payable from ad valorem property taxes on all taxable property within the Township. In the opinion of Bond Counsel, under existing laws, interest on the Bonds (i) is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended and in effect on the date of issuance of the Bonds (the "Code"); (ii) is not an item of tax preference for purposes of the federal alternative minimum tax, and (iii) is exempt from income taxation in the State of Indiana, except for the Indiana financial institutions tax.

The Bonds are subject to the Code which imposes limitations on the issuance of obligations like the Bonds under federal tax law. The Township has covenanted to comply with those limitations to the extent required to preserve the exclusion of interest on the Bonds from gross income for federal income tax purposes. The Township has designated the Bonds as

"qualified tax-exempt obligations" for purposes of Section 265(b) of the Code.

The Township has prepared an Official Statement relating to the Bonds which it deems to be nearly final. A copy of the nearly final Official Statement may be obtained via the web at [www.i-dealprospects.com](http://www.i-dealprospects.com) or from the Municipal Advisor at [angie.steenocrowe.com](mailto:angie.steenocrowe.com), Crowe LLP, 135 N. Pennsylvania Street, Suite 200, Indianapolis, IN 46204-2407.

Within seven (7) business days of the sale, the Township will provide the successful bidder up to 30 copies of the final Official Statement at the Township's expense and such additional copies as may be requested by the successful bidder, within five (5) business days of the sale, at the expense of the successful bidder. Inquiries concerning matters contained in the nearly final Official Statement must be made and pricing and other information necessary to complete the final Official Statement must be submitted by the successful bidder within two (2) business days following the sale to be included in the final Official Statement.

In the Authorizing Resolution and pursuant to a Continuing Disclosure Undertaking to be delivered by the Township upon delivery of the Bonds, the Township will covenant to comply with Securities and Exchange Commission Rule 15c2-12, as in effect on the date of delivery of the Bonds ("Rule 15c2-12"). The Township will covenant to provide the most recent annual financial information and operating data relating to the Township as described in the Preliminary Official Statement prepared in connection with the sale of the Bonds. Further, with respect to the Bonds, the Township will undertake to provide notice of those material events required by Rule 15c2-12.

Dated this 23rd day of March, 2022.

# Holcomb Vetoes HB 1041; Override Vote Announced by Huston

Governor Holcomb yesterday vetoed HB 1041, a bill that would have banned transgender girls from playing school sports with their peers.

In a letter to Indiana House Speaker Todd Huston announcing his veto, Gov. Holcomb called on the Indiana house to address what he saw as shortcomings in the bill pertaining to enforcement and consistency. He also stood by the IHSAA, saying, "I am heartened by the IHSAA which has done an admirable job to maintain fairness and consistency in all sports. Nowhere in the testimony in this legisla-

tion was a critique leveled against their model on how to govern this and other complex matters. Furthermore, not a single case of a male seeking to participate on a female team has completed the process established by IHSAA's now decade-old policy."

Speaker Huston, as well as several members of the Indiana House, have called for an override vote. Speaker Huston announced yesterday the house would hold a special override vote on May 24. An override vote in the Indiana house requires a simple majority of votes to pass.

Katie Blair, ACLU of In-

diana Advocacy and Public Policy Director, released the following statement: "This victory belongs to the trans youth of Indiana, who deserve to live as their authentic selves and to play the sports they love, free from discrimination. This win wouldn't have been possible without the thousands of Hoosiers who voiced their strong opposition to state legislators and who showed up at the Statehouse to oppose this harmful bill. Discrimination has no place in our state."

Christiana Holcomb, Senior Counsel for the Alliance Defending Freedom,

issued a statement following Governor Holcomb's veto:

"Women and girls deserve to compete on a level playing field. When we ignore biological reality, female athletes lose medals, podium spots, public recognition, and opportunities to compete. While Indiana's fairness in sports bill glaringly failed to include protections for athletes at the collegiate level, the governor's refusal even to protect girls in K-12 is all the more disappointing. By vetoing this bill, Gov. Holcomb has chosen to reject fairness in sports for thousands of women and girls in Indiana. Just last

week, a female swimmer from Indiana was knocked down in the rankings at the NCAA Women's Swimming Championships by a male who went on to claim a national title. Where is the governor's empathy for those talented and courageous women? Regrettably, he has turned a blind eye to the increasing examples of males dominating girls' athletic competitions."

"Gov. Holcomb's claims about the bill ring hollow considering that 11 other states have enacted women's sports laws without any confusion. They understand that these laws are not only constitutionally

sound but fully consistent with Title IX. Attorneys general from 14 states said as much when they filed a brief supporting Idaho's 2020 Fairness in Women's Sports law. If Gov. Holcomb truly finds saving women's sports 'a worthy cause for sure,' he would not sacrifice fairness for Indiana's women and girls to such flimsy and baseless justifications. We are thankful to the legislators who took a stand for a level playing field for female athletes of all ages, and we will continue to work alongside them to protect fairness in women's sports."

# IN Dept. of Education Launches Data-Driven Educator Marketplace

The Indiana Department of Education (IDOE) launched the first phase of a new statewide supply and demand educator marketplace, which will provide data to schools and the state to strengthen and support Indiana's educator pipeline. The marketplace is a key component of Governor Eric J. Holcomb's 2022 Next Level Agenda.

"Across Indiana and the nation, in order to maximize the positive impact for students, we must continue to recruit and retain high-quality

educator talent," said Dr. Katie Jenner, Indiana Secretary of Education. "Through our continued development of this new marketplace, we gain a valuable new tool that allows us to understand not only the 'supply' from our current educator workforce and educator preparation programs, but also the real-time 'demand' for specific positions in our schools. This data can be leveraged to make sure we are continuing to support and strengthen our state's educator pipeline, and in

turn, our students."

With the launch of the first phase of this new platform, Indiana will gain real-time data on statewide openings in schools – including the most in-demand roles – as well as data on educators currently seeking open positions. Additionally, Indiana educators gain a one-stop-shop for finding and applying for open positions, and schools gain a user-friendly, data-driven tool for recruiting talent in the classroom and in leadership roles.

The platform replaces

the outdated IDOE job board, and is available to all Indiana schools at no cost. It supports one of IDOE's top priority pillars, which is elevating and supporting Indiana educators by improving guidance, support and accessible data for those recruiting, educating and mentoring rising educators.

Through the supply and demand marketplace, Indiana educators can now easily view available positions statewide and search for jobs using multiple criteria, helping

them more easily find positions that match their interests. With a "quick apply" feature, educators will be able to save time by applying for positions using a common application.

Indiana schools can leverage this new tool to engage with educator candidates who previously might not have had access to the posting – including diverse applicants and applicants for high-need areas like special education and science, technology, engineering and math (STEM). As schools

are considering applicants for both classroom and leadership positions, they will be able to access a data dashboard to support their recruitment efforts.

Indiana educators can access the demand-side of the marketplace here to create an account and view available positions. The platform will continue to be developed and improved based upon stakeholder feedback and with additional data on "supply" from teacher preparation and training programs across the state.

The sanctuary offers some of the most diverse collection of wildflowers and plants in Indiana, according to the Centennial program.

Rick Towle, Noblesville Middle School science teacher and president of the Blatchley Nature Study Club in Noblesville, was the first to write me about the 2022 celebration, asking me to share with the public and invite the community to guided tours to see some of the most diverse varieties of wildflowers in Indiana, from 1 p.m. to 5 p.m. on two Saturdays, April 16 and 30. (The first tour will showcase early bloomers, and the second tour late bloomers. So make plans to attend both if you love nature.)

"I am humbled by the opportunity to lead our club of nature enthusiasts

into the next 100-year chapter of our esteemed organization," Towle offered as a message in the Centennial program. "...The things we have accomplished during my tenure as president continue to amaze me, and truly illustrate the dedication and energy needed to live up to the mission of our club."

He wrote, "My message this year is one of insight, passion and determination ... all intended to rekindle the importance of what we try to achieve through our club activities, programs and goals."

Emma St. Dennis of Noblesville is vice president of the Blatchley club and also shared a wealth of information with me about the club and its history. She recently found out that the club members actually laid out the plans

for the trees that are in Forest Park, she said.

This year marks the 100th year of the nature study club, which was founded on April 8, 1922, by Dr. Earl Brooks. The club, which is made up of individuals who share a love of nature, changed its name to The W.S. Blatchley Club to honor Indiana's greatest naturalist, Dr. Willis Stanley Blatchley (1859-1940). The Blatchley Nature Study Club was incorporated as a nonprofit on Nov. 12, 1941. Then Brooks deeded 15 acres of land to the club for use as a sanctuary and on which to build a clubhouse on March 8, 1963. The Clubhouse (built with a generous monetary gift from Eli Lilly family) and the sanctuary was dedicated on July 18, 1965.

Each spring, the club

leads Wildflower Walks, inviting the community to attend.

Just over the weekend, club members gathered for a cleanup of the clubhouse interior. And this Thursday, the club will have a pitch-in dinner at the clubhouse for the IU Scholarship Presentation featuring Haiz Webb, Blatchley's scholarship recipient, a fourth-year student on a five-year graduation plan pursuing dual Bachelor of Science degrees in biology and comprehensive design with minors in animal behavior, environmental science and music, as well as the Hutton Honors Notation. (Annually, the Biology Department of Indiana University awards a Blatchley Nature Study Scholarship to a deserving student. Since 1989, 33 scholarships have been given out.)

Members will gather again for an outdoor cleanup at 9 a.m. April 9 on the grounds of the club.

Monthly meetings offer special programs that teach club members about all aspects through presentations, which this year feature: "Willis S. Blatchley" history by Chris Wirth at 7 p.m. April 28 (at the actual Centennial monthly club meeting); "Owls of Indiana" by Mark Booth at 7 p.m. May 26; "Birding in South Africa," by Doug Vine at 7 p.m. June 23; "Birding in Panama," by Rob Ripma, Becky Heck and Mary Kay Pitts at 7 p.m. July 28; a Butterfly Walk field trip led by Sherry and Phil Cartridge at 10 a.m. Aug. 13; "Adventures in Bird Training," by Jenna McElroy at 7 p.m. Aug. 25; Blatchley Sanctuary Cleanup at 9

a.m. Sept. 10; "Antarctic Field Research," by Dan Boritt at 7 p.m. Sept. 22; Fall Hike and Bonfire at 4 p.m. Oct. 8; "Living with Coyotes," by Jessica Merking, 7 p.m. Oct. 27; "Why Our Rare Plants are Rare," by Scott Namestnik at 7 p.m. Nov. 17; and a Potluck Dinner Christmas Party at 6:30 p.m. Dec. 15.

Members are encouraged to propose new members for the club with a written application.

Memberships range from \$5 for ages 18 and younger to a \$500 individual life membership.

I expect to write more about the Blatchley Nature Study Club in the coming weeks as the Celebration draws nearer. So save the dates: April 16 and 30.

## PAULA

Fairgrounds on Saturday, April 9, from 9 a.m. to 2:20 p.m.

To make up for the lost time, there will be presentations on the Herbs of the Year for 2020 and 2021, but the star of the show is the 2022 Herb of the Year, Violas.

Violas?

Yes, the 500 to 600 species that belong to the genus viola. You know them best as violets, pansies and heartsease (also known as Johnny-jump-ups.)

I know pansies and violets aren't what most people usually think of as herbs. They do, however, meet the International Herb Association's criteria for selection as Herb of the Year, being outstanding in at least two of three categories: decorative, culinary and medicinal.

I'm sure you already know violas are decorative. Cold tolerant pansies are among the first plants available to add color to your flower beds in the spring and they provide some of the last bright colors in the fall garden.

Violas and pansies are

also edible, as I learned when I worked at Conner Prairie back in the 1970s.

Libby Doss, the training guide for the costumed interpreters at Dr. Campbell's house, showed me how to make candied violets to decorate cakes, ice cream and other desserts.

The basic steps are fairly simple: beat an egg white until it's frothy but not stiff, carefully paint the egg white on the violet with a brush, then dust the flower all over with very fine sugar and let it dry.

Of course, you need to make sure the violets are clean and pesticide-free, and these days you'd better use dried egg whites or meringue powder in place of raw egg white, just to be safe.

What I didn't know about violets and pansies is that they also have valuable medicinal qualities. Sweet violets ("viola odorata") have been used to treat respiratory disorders, and heartsease or wild pansies ("viola tricolor") are useful for respiratory disorders, skin ailments and arthritis.

You can learn more about violas at the Spring Symposium.

Food writer, editor, photographer and "flavor artist" Susan Belsinger will discuss all aspects of violas — from their cultivation, to medicinal uses, to recipes using violets, pansies and "johnnies" — in two presentations, "Celebrate Viola, Herb of the Year 2022" and "The Virtues of Violas."

In addition, HSCI member Helen Burke will speak on "Brambles," the 2020 Herb of the Year (brambles are raspberries, blackberries, etc.) and Joyce Miller, another HSCI member, will talk about "Humble Parsley," the 2021 Herb of the Year.

Other presentations include "Tai Chi for Gardeners" with Christine Bhe, a certified Tai Chi and Qigong instructor, and "Best Fragrant Plants for the Midwest Garden" with author, ethnobotanist, gardener, and lecturer Bill McKnight (aka The Mad Botanist.)

A breakfast snack and a lunch, catered by Juniper

Spoon, are included in the \$60 registration fee (\$55 if you're a member of the HSCI,) but take along a little extra cash because you'll also have an opportunity to shop for live plants and herb-related items, and to participate in a silent auction.

Registration for the Symposium can be done by mail, or online at <https://sites.google.com/view/herb-society-of-central-indiana/symposium>. (Note: this is a different web address from previous years.) The deadline for registration is April 1.

Questions? See the website above or email [nksnively@gmail.com](mailto:nksnively@gmail.com). A clarification: The log jail in last week's column DID precede the Old Sheriff's Residence and Jail that now sits on the courthouse square, but there was another jail — a brick one — between those two jails.

## EASTER

Hunt again," said Recreation Program Coordinator Erin Portman. "This also marks the first outdoor event of the year for the city's Parks and Recreation Department and we always look forward to seeing families and children enjoying the egg hunt and taking photos with the Easter Bunny."

Activities at Shelter 5 include bounce houses, a DJ, and vehicle tours from the Noblesville Fire Department and Noblesville Police Department. The Easter Bunny also will make a special appearance at the event.

The Egg Hunt includes three age groups for children 3-10 years old (3-4, 5-6 and 7-10). Children ages 2 and younger are invited to stop by the Parks and Recreation tent, where toddler-related activity bags will be handed out to the first 150 kids.

No registration is required to participate.

Prior to the event, the Noblesville Kiwanis Sunrises will host a pancake breakfast in conjunction with the Easter Egg Hunt at the Forest Park Inn from 8 to 10:30 a.m.

The menu will consist of pancakes, sausage, juice, coffee and milk. There is a \$5 charge for the breakfast and all proceeds will go to a local charity.
