FACES OF HAMILTON COUNTY

What makes Bob Minton smile? "The Pork Chop Festival and seeing people happy," said the 84-year-old Noblesville resident. The Noblesville Lions Club member was found volunteering with the Lions Club's annual Pork Chop Festival in 2021 on the Hamilton County Courthouse Square in downtown Noblesville. He was watching over the silent auction, for which he donated a stained-glass angel that he made. He is a retired school teacher of 38 years, teaching 34 years in Noblesville. In retirement, he does stained glass as a hobby that he has enjoyed since the late 1970s. Originally from Paoli, he came to Noblesville for a job opportunity. "I interviewed for a job here and never regretted it." He taught eighth-grade science and was known at school for collecting neckties, a collection that numbered more than 400 neckties. He still has all of the neckties, too. He was married 57 years to Scarlett Minton, who passed away in 2018. He nas tour children, seven grand children and five great-grandchildren. Three of his daughters volunteered at the Pork Chop Festival with him. "This has been a great day today because I've met a lot more friends and talked and enjoyed the day." What else does he like to do? "Spending time with family, the kids, grandkids and great-grandkids. They take care of me." This year, the Lions will be serving up pork chops and chicken 11 a.m. to 8 p.m. Friday (The Boys & Girls Club of Noblesville Darlington Bed Race is at 7 p.m.), pancakes 7-11 a.m. Saturday and hot dogs Saturday afternoon (Noblesville Main Street Duck Race activities are 2-4:30 p.m.) Read more about the Lions event in the Betsy Reason column in Tuesday's

BETSY REASON The Times Editor

Comedic timing isn't easy. The key is for actors to play the action as reality.

"The moment actors start playing comedy, they ruin it," said Jen Otterman director for Basile Westfield Playhouse's next play, Neil Simon's "Rumors," opening Thursday.

"This show has a great deal of glib delivery that has to be authentic," she said. "Comedy has to be fast paced, and the lines have to be laid out but sound believable and natural. It can be learned, but it helps when an actor has some training, some innate talent and is able to share the stage and be comfortable with both taking the focus and giving the focus to his/her fellow actors."

Otterman said this show is "high energy" and "very collab-

orative."

This show wasn't even on her radar. "Rumors" was submitted by another director more than three years ago and "was supposed to go up prior to Covid," she said. "That director's husband took a new job across the country and so Ka'Lena (Cuevas), who was the original producer, asked me to step in and take the show on. Then Covid happened and thus the show got delayed until now."

Otterman said, "I joyfully took the show because I think it is one of the best comedies we have."

Carolyn Sue McKinney October 10, 1946 - May 25, 2022

Carolyn Sue McKinney, age 75, of Sheridan, Indiana, passed away on Wednesday evening, May 25, 2022, at Community North Hospital in Indi-

anapolis. She was born October 10, 1946 in Lebanon, Indiana, the daughter of the late James Newell and Hilda Lucille (Hillock) Haughey.

Shortly after graduating from Sheridan High School with the Class

of 1964, Mrs. McKinney took a position as an office secretary with Meridian Mutual Insurance. She later went to work as a seamstress with Aero Drapery, a position she held for 15 years. After leaving the company, she went to work for Wilson Fine Foods in Sheridan, where she quickly became "Sheridan famous" for her donuts.

Mrs. McKinney enjoyed gardening, collecting paperweights, and doing word searches, and even though she worked as a seamstress, still enjoyed sewing and crocheting her own creations at home. As with most Hoosiers, there is a love affair with college basketball, and Mrs. McKinney was no exception. She followed both IU and Purdue, which made for some pretty intense emotions when they were playing each other. As with all college basketball fans, March was her favorite time of the year.

Of her many interests, there was nothing more important to Mrs. McKinney than her family - and spoiling them was her favorite hobby. She loved attending all their activities, and sometimes she was able to get in a little Cracker Barrel shopping when she had to travel to an event – a win-win in her book. A woman ahead of her time, she was also the family DVR, long before that was even a thing. She loved her TV shows and movies and would often record her favorites on DVDs so that the grandkids could take them home and watch them. When it came to spoiling her family, you can't leave out Mrs. McKinney's cooking – most notably her pot roast and chicken & noodles.

As much as she loved her family, there were quite a few times that she had to put her foot down – cementing her role as the family peacekeeper. Starting from when the boys were young, and lasting until... well, as was said before, she was the family peacekeeper, using her strong faith and courage help guide her throughout her

Mrs. McKinney was a member of the "Best Mamaw Ever Club". She was blessed and honored to be able to be a second mother to her special girls, Emily and

Survivors include her loving husband, Michael L. McKinney, to whom she was married on October 15, 1965; two sons Douglas L. (Tamela) McKinney of Sheridan and Scott Allen (Chandra) McKinney of Atlanta, Indiana; two granddaughters Emily Elizabeth McKinney and Lauren Michelle McKinney, both of Sheridan; two grandsons Conner James McKinney and Caleb Allen McKinney both of Atlanta, Indiana; three sisters Cathy Rudd of Westfield, Connie (Eddie) Mossburg of Sheridan and Cheryl (Gary) Merrill of Sheridan; and sister-inlaw Lynn Coval Haughey.

Mrs. McKinney loved animals. She leaves behind her faithful cocker spaniel, Roscoe, and her barn cats.

She was preceded in death by her parents James Newell and Hilda Lucille (Hillock) Haughey; brother James L. "Jimmy" Haughey; and daughter-in-law Darlene Michelle McKinney.

Services are scheduled to be held at 10 a.m. on Wednesday, June 1, 2022, at Kercheval Funeral Home, 306 E. 10th Street, Sheridan, Indiana. Burial will follow at Crown View Cemetery in Sheridan. The Reverend Mark Knapp will be officiating. Visitation is scheduled to be held from 4 – 8 p.m. on Tuesday, May 31, 2022, at Kercheval Funeral Home in Sheridan.

Memorial Contributions may be presented to either the American Cancer Society, or to the American Heart Association.

Carmel HS Senior Named Among 3 Wabash College Lilly Scholarship Winners

Augustin Sanchez

Wabash College introduces the newest class of Lilly Scholars, three incoming freshmen who have earned the College's most prestigious scholarship. Among them is a senior at Carmel High School.

Augustin "Gus" Sanchez of Carmel, Indiana; Patrick Countryman of Indianapolis; and James Wallace of Missouri City, Texas, make up the Class of 2026 winners.

Finalists visited campus in February to compete for the Lilly Scholarship, which covers tuition, room, and board for all four years of a student's Wabash education. The scholarship program was established in 1974 to honor Eli Lilly and his family, and the award is designed to recognize outstanding young men who show high potential and future promise. Honorees are young men who have the desire to impact the Wabash

Patrick Countryman

community and the world at large.

Sanchez attends Carmel High School in Carmel, Indiana. His future academic interests include math and physics. He serves on the TechHounds robotics team as leader of programming/electrical in addition to being a member of the Science Olympiad and Academic Super Bowl teams. He has won gold medals competing at Indiana State School Music Association competitions in solo music for marimba and snare drum. Outside of school, he is a lifeguard at the Monon Community Center and teaches chil-

dren how to swim. Countryman attends Bishop Chatard High School in Indianapolis. He plans to pursue medical school during his time at Wabash, as well as competing on the Little Giant football team. He serves as student body vice president, chairperson of the

Dance Marathon Morale Committee, and volunteers extensively at Gleaners Food Pantries, Boulevard Place, and St. Vincent de Paul. Countryman spent the early years of his life in Shenzhen, China, where he quickly developed friendships with other kids from around the world, which proved instrumental in developing his cultural understanding, work ethic, and determination.

Wallace attends Ridge Point High School in Missouri City, Texas. He intends to major in financial economics at Wabash. He is involved in the RPHS marching and concert bands, serving as the brass captain. He plays the trumpet and has qualified as one of the top-50 trumpet players in Texas for both jazz and classical music.

The trio of incoming freshmen will join the prestigious ranks of past Lilly Scholars when classes begin in August.

Hamilton County Tourism Receives Grant for 'BEST Project' Study, Strategic 10-Year Plan

The U.S. Economic Development Administration awarded Hamilton County Tourism, Inc. (HCT) a major grant to lead a milestone study that will explore potential infrastructure and program investments for HCT and its affiliate, Hamilton County Sports Authority.

The BEST (Business of Entertainment, Sport and Tourism) study will guide future entertainment, group and sports tourism-related capital investments, identify job training needs and identify other endeavors aimed to create greater resilience and grow tourism's economic impact for Hamilton County in the next 10

years. The study is led by Hamilton County Tourism Vice President/Chief Strategy Officer Karen

Radcliff and a 30-member committee of leaders and stakeholders in the public, private and non-profit tourism business sectors. The committee will issue a request for proposal (RFP) in June and hire a qualified planning group to conduct a series of studies that will lead to a master plan. The EDA grant covers \$208,000 of the study's \$520,000 total cost, and HCT will cover the balance.

The study data, along with the expertise of the BEST Project committee, will represent a deep analysis of the marketplace and will set a course for a long-range vision and strategic investments over the next decade.

According to Hamilton County Tourism President/CEO Brenda Myers, the HCT board and officials will utilize BEST Project data and research to target three areas of need to grow and sustain the county's tourism

industry:

- 1) A tourism investment plan that prioritizes infrastructure and programs that best support a resilient and sustainable tourism economy.
- 2) A financial sustainability plan that ensures income streams for sport, entertainment and group tourism product development.
- 3) A tourism workforce development strategy that connects training and degree programs directly to tourism-related employment and advancement opportunities, with emphasis on greater equity and a more diverse workforce.

"We are grateful the **Economic Development** Administration shares our vision for the BEST Project and how it will create sustainable growth in the coming years," said Myers. "Research and data are a cornerstone for Hamilton County Tourism's business and development activities."

Local Student Earns One-of-a-Kind Esports Scholarship to Ball State

Ball State University and Rahal Letterman Lanigan Racing (RLL) have selected the first two recipients of a first-of-its-kind scholarship program for esports student-athletes, one of whom is a former Noblesville resident.

The Rahal Letterman Lanigan Racing Scholarship provides \$5,000 annually to two members of Ball State's varsity esports team each year from the 2022-23 through 2025-26 academic years. The scholarship program, which advances the University's mission of recruiting and retaining the top esports talent in the world, is a key aspect of the recently formed partnership between Ball State and RLL, which is co-owned by television legend David Letterman, a 1969 Ball State graduate, 1986 Indianapolis 500 winner Bobby Rahal and businessman Mike Lanigan.

The first recipients of the Rahal Letterman Lanigan Racing Scholarship

- Rhett Crain, 18, from Noblesville, Ind. Mr. Crain, who specializes in the games iRacing and F1 2021, plans on majoring in Computer Science at Ball
- Ar Muhammad Aleef, a 23-year-old pro-level esports driver from Singapore. Mr. Aleef earned

his diploma in Mechatronics, with a specialty in Robotics, from Temasek Polytechnic Singapore. At Ball State, he plans on majoring in Business Analytics.

In addition to being the first recipients of this scholarship, these esports student-athletes will drive a Ball State/RLL-branded car in the upcoming IN-DYCAR video game upon its release in 2023.

"When considering the applicants for the Rahal Letterman Lanigan Racing Scholarship, what made both Ar Muhammad Aleef and Rhett Crain stand out was their passion and experience in both sim racing and live racing," said Dan Marino, director of Ball State's esports program and head coach of the University's varsity esports team. "After getting to know both students better, it was clear that they didn't just see the RLL scholarship as a pathway for competition, but to be a part of something larger within our esports program and through opportunities with RLL.

The partnership between Ball State and RLL—established in February—has provided other opportunities for students engaged in Ball State's esports program. This month, for example, several Ball State Esports students took ad-

vantage of an exclusive opportunity to visit with and observe members of the RLL racing team in action at the Indianapolis Motor Speedway as they prepared for the 106th running of the Indianapolis 500.

We share in Ball State's excitement and pride in welcoming the first two recipients of the Rahal Letterman Lanigan Racing Scholarship,' said Tom Knox, senior vice president of sales and marketing for RLL. "When we announced the formation of RLL Esport in 2021, we knew the esports industry would be an exciting new way for us to stay engaged to our partners, our fans, and the entire racing community. Since that time, in partnering with Ball State and its esports program, we continue to find new and innovative ways to tap into the young, bright minds of the future, while also giving back to our community, our state, and our sport.'

"As Indiana continues to grow, it expands educational opportunities and partnerships that allow for great advancements in racing and esports," Mr. Helmling said. "A racing team like Rahal Letterman Lanigan teaming up with Ball State University is a prime example of how our state is working

diligently to attract and retain innovative talent, and illustrates that Hoosier partnerships are leading the way with evolutionary thinking."

For Dr. Paaige Turner, dean of Ball State's College of Communication, Information, and Media (CCIM), which houses the University's esports program, having one of the few varsity esports sim racing programs in the country, backed by a unique partnership with a professional racing team, allows the college to attract top talent not only in gaming, but in other areas such as media, film, entertainment production, news and more.

"Sim racing as a genre in esports is gaining a tremendous amount of popularity each year, and we see it as an incredible opportunity for our University to be on the cutting edge of the collegiate esports industry," Dean Turner said. "Adding the layer of the Rahal Letterman Lanigan partnership on top of this, students with a passion for racing can have the curtain pulled back to see how an incredible organization like RLL works behind the scenes, while also making connections and gaining experience to propel them into fulfilling careers and meaningful lives."

ence in Hamilton County until the last 20 to 30 years. I can remember only one family in Noblesville with a Hispanic or Latino background while I was growing up.

(The terms "Hispanic" and "Latino" are often used interchangeably, but they're not the same thing. Basically, "Hispanic" refers to Spanish-speaking people. A "Latino" is any individual from Latin America, including Brazilians whose native tongue is Portuguese.)

I haven't run across evidence of any Hispanics or Latinos living here during Hamilton County's earliest years, but that doesn't mean the county didn't see some Hispanic or Latino visitors.

One hundred forty-five years ago this week, the June 1, 1877 Noblesville Ledger reported that Noblesville was being well entertained by the "dextrous manipulations" of a young Mexican the newspaper referred to as "Mexican John" or "John the Mexican."

John demonstrated an impressive expertise with a lasso, roping dogs and tripping up boys from as far away as 40 or 50 feet, but it was his skill in riding and training horses, mules and donkeys, that really left an impression on the local population.

on the local population.

Earlier in the week, the young man had convinced

a butcher's "stubborn" horse to not only tolerate carrying him on its back, but also to follow him

around the city's streets.

Upon hearing about that, farmer Dave Brock announced that one of the mules that had pulled his wagon to town that day refused to allow anyone to ride him. Brock, no mean rider himself, let it be known the mule had thrown him "higher than a kite."

Smiling, the Mexican confidently stated that for \$5 he would ride anybody's mule, including Brock's.

Brock wasn't inclined to chance losing more than one dollar, so a collection was taken up by the crowd of spectators. Although they only managed to scrape together \$3, John agreed to accept the challenge.

The mule was unhitched and saddled, and a group of around 200 people trooped up to an area near the old fairgrounds to watch the show. (Today, that's the land between North Elementary and White River.)

The Mexican mounted the mule and immediately the animal began to buck, rear and do everything possible to dislodge his laughing rider, but ten minutes later, onlookers were amazed to see the mule calm down and trot off "as gently as a cow." John dismounted and collected his \$3, but the crowd wasn't ready to let him go, insisting that he ride the mule again to prove his feat wasn't a fluke.

It wasn't.

This time the Mexican rode about 100 yards, then reversed direction and headed straight for the crowd before pulling the mule to a halt "as orderly as possible."

A couple of weeks later, the Ledger reported John had tamed yet another obstinate mule, one with a reputation for tossing riders over his head — especially if the rider carried anything that made a noise.

hat made a noise.

John earned the whop-

ping sum of \$2.25 for sticking in the mule's saddle for 15 minutes while he jangled some sleigh bells and dug his spurs into the animal's sides.

I wasn't able to learn what had brought the Mexican to Noblesville in the first place, or where he went after he left, but the last mention of him in the Ledger indicated he intended to travel to Anderson to tame all THEIR "unmanageable" colts, mules, and donkeys.

9:30 p.m. The day will

end with the annual fire-

works show, which will

begin at 10 p.m.
In addition to all the events planned, Forest Park will also be featuring a limited VIP section where families and friends can purchase tables for the evening. These tables offer up-close seating to the live music performance, an exceptional view of the fireworks, and a great meeting place to safely gather and eat in between

activities.

VIP table groups may bring in their own food and drink, participate in a table-decorating contest, and get access to separate VIP restroom options. This area expands the festival's seating and viewing options. Tables seat eight people and cost \$160. Registration will open to the public at 8 a.m. Tuesday, May 31 online at www. NoblesvilleFireworksFes-

tival.com. Funds received for VIP section accommodations help defray costs of hosting the community event.

More announcements about the upcoming Fourth of July festivities will be released soon. For more information about sponsoring or donating to the holiday activities, contact the Noblesville Parks Department at NoblesvilleParks. org or 317-776-6350.

Hearing Loss Makes Your BRAIN WORK HARDER

If you're struggling to hear, you don't just miss a few sounds here or there. New research shows that adults with hearing loss experience a 40% faster decline in cognitive abilities. This suggests that the entire brain may be struggling to fill in the gaps caused by untreated hearing loss.

Beltone Hearing Care Practitioners point to new research. "Several studies have done imaging to look at the brains of people with varying degrees of hearing loss," Beltone says.

With normal hearing, the section of the brain that's responsible for hearing lights up during imaging. But the scans reveal a different picture for a person with untreated hearing loss. Researchers found that the hearing center of the brain shrinks in age-related hearing loss. Therefore, other areas of the brain necessary for memory and thinking must take over to help compensate. That's why people with hearing loss are more fatigued at the end of the day. Your brain is having to work harder if you have untreated hearing loss.

"We want to keep you as healthy as we possibly can. And with hearing aids, you're not only taking care of your hearing and your relationships, but we have the potential, because of the auditory stimulation, to provide benefit for your brain health."

The symptoms may be obvious when you're struggling to hear your grandchild or trying hard to follow a conversation in a crowded place, but many people do not realize that even when you're home alone or in a quiet environment, your brain is still having to work harder than it should to compensate for your hearing loss.

Thankfully, research is showing that when hearing loss is detected early and treated with hearing aids, the brain can reorganize itself back to its usual operation. This research may help explain the link between hearing loss, cognitive decline and memory loss.

Beltone Hearing Care Practitioners say "We want to keep you as healthy as we possibly can. With hearing aids, you're not only taking care of your hearing and your relationships, but we have the potential, because of the auditory stimulation, to provide benefit for your brain health. Hearing loss is not just about your ears. A lot of people tell us that they 'get by just fine', but we remind them that they need to think beyond communication and instead think in terms of overall health."

BUILD A RELATIONSHIP

with a Hearing Care Specialist you can trust

If you've had a hearing exam before, you can expect a very different experience when you walk into Beltone. The Specialists readily admit that their goal is to help treat hearing loss, not to sell you a hearing aid.

"Often people walk in and their guard is up," say Beltone. "We get it. They say, 'I don't want to be sold to'. I say, 'Great! You're in a great spot!' We're health professionals, working in your best interest." While many folks shop for the lowest price for hearing aids, it is highly recommended to shop for the best healthcare professional that you feel comfortable with to ensure your satisfaction and success.

"Think of your hearing in terms of the whole package. If you needed knee surgery, would you shop for the cheapest implant or the most qualified and experienced surgeon to provide the best product, outcome and follow-up care?"

You will be satisfied not when you pay the lowest price but when you get the best overall value for your investment, which is why at Beltone we are professional hearing care specialists that offer the most advanced hearing technology and service.

We pull from over 80 years of hearing healthcare experience and expertise to truly customize options to each individual budget and lifestyle.

Instead of focusing solely on price, We suggest you meet with a hearing care specialist who can not only determine if you have hearing loss and suggest a course of treatment, but work with you every step of the way to improve your quality of life.

"We come at hearing in terms of overall health. We want to build a relationship with you throughout your life. We understand the emotional and financial investment involved, which is why our goal is to keep you hearing your best for as long as we possibly can," Beltone says.

Beltone will provide an honest and clear path for your hearing loss. At Beltone we stand behind everything we do. If you're unhappy with the devices, we don't want you to leave them in the drawer. We set people up for success so they have a positive experience. We know it's an investment, and that's why we're going to take care of you.

TIME TO TAKE YOUR HEARING HEALTH SERIOUSLY

Hearing may be the most underappreciated of the five senses. If you can't see well, of course, you'll visit a licensed eye doctor to get glasses or contacts to correct your vision. But, in this day and age, people are still hesitant to see a hearing care specialist, professionals that are highly trained to treat hearing loss.

"The reasons are endless," says Beltone. "Many of us don't think we're old enough to need hearing aids, or we worry they'll make us look older. Some of us don't think our hearing loss is bad enough to need help, or we're worried about the cost."

The fact is that even a mild hearing loss may be affecting your brain function, your sense of

balance and your relationships with family and friends

"Hearing loss is hard on relationships."

You may think the simple solution is to just turn the TV louder or ask your kids or grandkids to speak up, but even a mild hearing loss can affect you in countless ways. If your hearing is at all impaired, your brain has to work harder, trying to make out words and sounds. A hearing loss can make it harder to interact in social situations, to spend time with family, or to be productive at work. Research has linked untreated hearing loss with cognitive decline, dementia and an increased risk of falls.

THE SOLUTION: Resolve to schedule a free hearing exam. It's quick, easy, and will provide you with the information you need to move forward in life.
