Philippians 4:13 I can do all things through Christ who strengthens me.

➔ FACES OF HAMILTON COUNTY
People who call our community their own.

What makes Helen Dailey smile? "I enjoy being around other people," said the 93-year-old Noblesville woman, who has volunteered for 70 years for the Hamilton County 4-H Fair and Extension Homemakers in Noblesville. She even has a parking-space sign with her name on it. She was found volunteering at the beverage station in the Extension Homemakers' Kitchen and Dining Room on Sunday at the Hamilton County 4-H Fair, which ended with the livestock auction on Tuesday night. She has belonged to Cumberland Corners Extension Homemaker Club for 70 years and during that time, she has attended all kinds of Purdue Extension Homemakers training and has learned many skills that she has brought back to teach her own Extension Homemakers club. She was born in Ingles, Ind., and graduated from Pendleton Heights High School and moved from Anderson to Noblesville 70 years ago. What brought her to Hamilton County? "Marriage," said Helen, who married John Dailey, and they raised three children. For many years, they enjoyed camping in their Airstream trailer as they traveled around the countryside. "We decided that the kids would see things that they needed to see." She has three grandsons and one great-grandson and one great-granddaughter. Helen's favorite food at the 4-H Fair? "Fish." Favorite food that she serves in the Extension Homemaker Dining Room? "Chicken and noodles."

And Another Thing...
1. A toothsome smile

Eleven-year-old Charlie Clinton went fishing in a local pond in Edmond, OK recently and got the shock of his young life when he landed a fish with a human-like toothsome smile. The pacu, a South American relative of the notoriously scary piranha, is known for choppers that look like they're ready to chew away on a crackling, crispy man-sized meal. Fear not, however. Unlike the piranha, the pacus poses little danger for people. But they can grow to three-and-a-half feet in length and 88 pounds in weight, so the Oklahoma Department of Wildlife Conservation says, "anglers who catch pacu in Oklahoma are asked to remove them from the watershed and contact their local game warden."

2. Hot Dog!
Beenie Von Weenie is proof that "if at first you don't succeed, try, try again." After years of trying, the dachshund finally was declared The Fastest Wienie of the West! at the 26th Wienerschnitzel Wiener Nationals at California's Los Alamitos Race Course. Beenie's owner, Nicolee Leonard, gleefully told KABC-TV, "Fantastic! I've been coming every year. And he nailed it. He won a doghouse and \$1,000 and the title."

Hamilton County Supreme Showmanship Grand Champion Kassidy Schakel and Supreme Showmanship Reserve Grand Champion Eli Colb were top winners Monday during the 51st annual 4-H Fair competition at the 4-H Fairgrounds in Noblesville.

Heights, Sheridan 4-H'ers Named Best Of The Best In Fair's Supreme Showmanship

BETSY REASON
From The Editor's Desk...

Three times is a charm for Kassidy Schakel, named the 2023 Hamilton County Supreme Showmanship Grand Champion.

The 51st annual contest took place Monday night at the Hamilton County 4-H Fair in Noblesville.

It was Schakel's third time to compete in the contest.

The 17-year-old, a nine-year Hamilton County 4-H'er who will begin her senior year at Hamilton Heights High School,

has been preparing for this Supreme Showmanship win since 2021, her first year in the contest. While she didn't place in 2021, she returned stronger in 2022, earning a Supreme Showmanship Reserve Champion plaque.

Schakel said her experience in competing in Supreme Showmanship the past two years helped her to be better prepared for this year's contest.

For Hamilton County 4-H'ers, like Schakel, who show livestock, Supreme Showmanship is the be-all and end-all in 4-H.

The Supreme Showmanship contest, celebrating its 51st year, has a purpose, which is

Developer Team Selected For Noblesville Events Center

The Noblesville Board of Works and Public Safety has selected Patch Development as the developer team partner for the Noblesville Events Center and parking garage that will be the future home to the Indiana Pacers G League franchise.

"This is the first major milestone for us to hit since the city and Pacers Sports & Entertainment came together on May 8 to announce a transformational partnership to bring the sec-

ond most prominent men's basketball league in the world to Noblesville," Mayor Chris Jensen said.

On June 7, the city issued a Request for Proposals and Qualifications from developer partners who would work with the city and Pacers Sports & Entertainment to design, build, operate, and maintain the events center and garage. The

The Noblesville Drive-In, The Central Canal And A Little Husky History

PAULA DUNN
From Time to Thyme

After being so slow getting the last reader column together, I'm now in the unusual position of needing to do one sooner than I expected. The last two columns (the Noblesville

Township quiz and the Hamilton Heights Huskies history) prompted readers to send in some good information.

Jim Macy wrote that back in 1950, he and his friends used to ride their bikes out to the site of the new Noblesville Drive-In theater to see how the construction was going. (In those days that was out in the country!)

He described the original screen as a wood-framed structure with gray cement-looking panels.

When high winds blew that screen down in 1963, it was replaced by a larger one, but just a couple of weeks later, the replacement screen was also taken down by wind and had to be replaced.

Jim has been trying to find a photo of the drive-in's original screen. If you have one to share, let me know and I'll put you in contact with him.

Jeanne Flanders actually emailed me regarding a reference to the Central Canal in "A Brief History of Noblesville," the book I wrote with Nancy Massey. but since I included a question about the canal in the Noblesville Township quiz, I thought it was worth adding her information to this column.

Jeanne reminded me that the small park in Noblesville's Meadows subdivision isn't the only place you can find a bit of the unfinished canal in Hamilton County. Lafayette Trace Park, just east of Strawtown, also contains a visible remnant.

According to Jeanne, when you enter the park and drive north toward White River, you'll encounter a bend in the road as you reach the bottom land. From that spot you can make out part of the old canal running east and west.

I haven't had time to drive up there to check it out in person, but I did pull up a satellite image of the area and I think I see what she means. The satellite photo clearly shows something in the land that runs parallel to the river at that point.

Moving on to Hamilton Heights history . . .

Dr. Derek Arrowood, superintendent of the Hamilton Heights School Corporation, wrote that they have a "History Hallway" at their Student

Westfield Official Recognized For National Certification Achievement

City of Westfield Deputy Clerk and Clerk-Treasurer-elect Marla Ailor has earned the Certified Public Funds Investment Manager (CPFIM) Certification from the Association of Public Treasurers of the United States and Canada. The nationally recognized Certified Public Funds Investment Manager certification program is designed to give treasury professionals the confidence and knowledge to manage investments on their municipalities' behalf better. "Working for the Clerk-Treasurer has been a unique opportunity to take on new tasks that are helping me identify the skills necessary to advance my role as Westfield's Clerk-Treasurer-Elect," said Ailor. "The advantage of continuous learning in the workplace is generating new ideas and perspectives,

Sterling and Lydia Weatherford, Class of 2017, are the featured speakers at the 10th Annual Prayer Breakfast on August 4. They will share their journey of faith, hope, and commitment.

10th Annual Heights Area Pastors Community Prayer Breakfast Set

The community is invited to attend the 10th Annual Heights Area Pastors Community Prayer Breakfast for worship and song on Friday, August 4 at Hamilton Heights Middle School Café beginning at 7 a.m. This annual pre-school event is hosted by the Heights' Area Pastors in conjunction with Hamilton Heights School Corporation.

This year's speakers are Sterling Weatherford and Lydia (Landwehr) Weatherford. They will share their journey of faith, hope, and commitment. The Weatherfords grew up in Cicero and graduated from Hamilton Heights in 2017. They began dating during their sophomore year of high school. After a six-year courtship they were married in March of this year. Sterling and Lydia were married in Jacksonville, Florida. They live in Chicago, Illinois.

In high school, Lydia participated in Business Professionals of America (BPA) and student government, becoming Valedictorian and Student Body President her senior year. Sterling played basketball and

football and finished in the top ten percent of his class of 2017. They were baptized at Cicero Christian Church by Pastor Adam Colter the summer before attending Miami University of Ohio.

Lydia pursued a double major in Marketing and Entrepreneurship, while Sterling juggled his Mechanical Engineering degree with the demands of football. In 2022, Sterling signed with the Indianapolis Colts where he had his first NFL interception and led the team in tackles during the preseason. Minutes before final rosters were due, Sterling was cut, only to be picked up by the Chicago Bears the next morning. He spent his first NFL season with the Bears.

A light breakfast will be served with the program beginning at 7:30 a.m. Music will be provided by the Cicero United Family Wesleyan Church with Pastor Allen Gross. Guests are encouraged to bring Capri Suns and individual sized juice bottles to donate to the Hamilton Heights Elementary School's Weekend Feeding Program.

Connie Mossburg and Donna Jessup stand next to the Indianapolis Union Station model display they put together for the Sheridan Historical Society Museum.

Union Station Display At Sheridan Historical Society Museum

Connie Mossburg and Donna Jessup are two of the many volunteers at the Sheridan Historical Society Museum. Our volunteers are always on the lookout for ways to keep the Museum's displays fresh and informative no matter the theme. Another display these two and

others have worked to put together are an offering of mid-20th century office technology, old fashion toys and dolls, kitchen utensils, and much more. If you have never seen a rotary dial candlestick telephone before, you need to stop by and let us show you one. We also

have an old fashion crank-type wall telephone, too.

Our museum has a large collection of old things common to a rural farming community of a hundred years ago. A lot of our display objects have stories behind them, and our docents would love to pass those stories

along to you. We hope you will drop by and visit when you have a chance. We are open on Tuesdays, Fridays, and Saturdays from 1 pm to 4 pm and we are located at 315 South Main Street, in beautiful uptown Sheridan, just on the country side of Hamilton County.

Learn More About WYAP And Its Purpose!

Join the Westfield Young Professionals on Tuesday, August 8 from 8:00 am to 9:00 am at The Bridgewater Club for an exciting networking event featuring Early Intervention Advocate, Megan Contreras and Communications Coordinator, Kristina Logan from Westfield Youth Assistance Program.

Megan Contreras moved with her family as a child to Westfield, IN in 1994 where she attended Westfield's first "new" elementary school, Shamrock Springs. She grew up in Westfield, graduating from WHS and later attended Butler University for her Bachelor's Degree and Marian University for her Master's in Education.

Prior to becoming an advocate, Megan was an educator within WWS and Zionsville Schools and also taught in both IPS and Greenfield while completing

her Master's funded by AmeriCorps. She was a stay-at-home mom briefly and happened upon the opportunity to work with WYAP, and her role as an advocate simply fits like a glove! She values her community greatly and loved the relationship piece about teaching the most, so working with youth holistically was a great fit. "Being able to work with the entire family unit and rally around each individual youth, is my life's work; I'm so grateful that I get to do this each day, and I wholly believe in the impact of our program."

Megan's primary duties include supporting the youth on her caseload to ensure that their individual plan needs are met/continuously supported; ensuring the mentoring and tutoring programming run smoothly; participating in volunteer board efforts and fundraising

efforts. Each day is different, with new, unexpected tasks & that's the name of the game! It's a joy! Megan resides in Westfield with her husband and daughter.

Kristina Logan just celebrated one year as the Communications Coordinator for Westfield Youth Assistance Program. She is a graduate of Duquesne University (Bachelor of Arts in Communications) and Northeastern University (Masters of Science in Music Industry Leadership). Kristina spent two years living in Seoul, South Korea, working as an English teacher. She loves to travel and experience new cultures and food and has lived in 3 countries and 6 states.

Register now for the June YP Coffee & Networking Event and take the first step towards learning how you can get involved or support WYAP.

Robots Deliver Meals And Smiles To Residents At Allisonville Meadows Assisted Living

American Senior Communities (ASC) has enlisted the help of some unusual new team members at some of their communities, including Allisonville Meadows Assisted Living in Fishers. You'll find them roaming the dining room delivering food – and they're robots!

Called Servi from Bear Robotics, the robots feature trays, safety sensors and even music, and are tasked with running food between the kitchen and dining rooms alongside their culinary team members.

"Our goal in using robots is to allow our dining staff to spend more time in the dining room

with residents, ensuring that their needs are met," said Karen Powell, Vice President of Nutrition and Culinary Services at ASC.

Robots are becoming increasingly popular in dining environments, as they can provide a variety of services that improve the efficiency of food service. The robots are equipped with sensors and cameras, which makes them able to navigate space intelligently, safely and with ease. The robots automatically know when to return to their post in the kitchen when internal weight sensors on its two trays detect that delivery has been completed.

"Overall, our residents enjoy the robots. They understand that they aren't replacing their favorite servers and they even have names for them," said Powell. The residents at Allisonville Meadows have named their robot "Robbie." According to Executive Director Kaitlin Buenavides, the residents really enjoy watching Robbie moving about in the dining room. "Robbie has been such a great addition to our extended Allisonville Meadows family. The residents enjoy the opportunity to have more time to interact with their favorite servers while still receiving timely service."

NOTICE OF REQUEST FOR PROPOSALS Notice is hereby given that Hamilton Southeastern Schools ("Owner"), is requesting proposals from responsible offerors to provide architectural services for the Fall Creek Intermediate School Renovation Project. HSE Schools has allocated \$28,900,000 to renovate Fall Creek intermediate School. It is HSE's recommendation that the occupied phased construction and renovation project will update interior and exterior finishes, address building envelope issues, update mechanical, fire, and public address systems, furniture replacement, kitchen updates, and make improvements to the playground and parking lot. The proposals will be received until September 1, 2023, by 3:00 PM EST. Proposals must be delivered to Matt Rapp, Director of Facilities, Hamilton Southeastern Schools, 13485 Cumberland Road, Fishers, IN 46038. All proposals received after such time will not be considered and returned to the respective submitter unopened. The RFP documents for the architectural services are on file with Hamilton Southeastern Schools and may also be examined at the following location: https://www.hseschools.org/happenings/public-notices TL20571 7/19 7/26 2t hspaxlp

CITY OF NOBLESVILLE NOTICE TO BIDDERS Notice is hereby given that sealed bids will be received: By / At: City of Noblesville, Indiana Office of the Clerk 16 S. 10th Street Noblesville, Indiana 46060 Project: PV Solar Array Procurement and Construction / Sly Run Lift Station Until: 09:00 A.M., local time, Tuesday, August 15, 2023 Receipt of Bids: Bids received after the stated time will be returned unopened. Bids are to be submitted on the Bid Form as provided in the Project Manual and on Indiana State Board of Accounts Form No. 96 (revised 2013) as required by the statutes of the State of Indiana. Bidders shall submit financial data, statement of experience, proposed plan for performing the Work and the equipment the Bidder has available for the performance of the Work, along with a properly signed Affidavit of Non-Collusion as required by Form No. 96. Bids shall be submitted in a sealed envelope, marked with the name and address of the Bidder, and clearly identified: SEALED BID: PV Solar Array Procurement and Construction / Sly Run Lift Station Bid Opening: Bids will be publicly opened and read aloud by the City of Noblesville at the Council Chambers, Noblesville, Indiana 46060, at 09:00 A.M., local time, Tuesday, August 15, 2023. Pre-Bid Meeting: A non-mandatory Pre-Bid meeting for interested parties will be held on Tuesday, August 8, 2023 at 10:00 A.M. local time at Sly Run Lift Station, 1550 Westfield Road, Noblesville, IN 46062. For special accommodations for individuals planning to attend the Pre-Bid meeting or public bid opening, please call or notify the City of Noblesville at (317) 776-6353 at least forty-eight (48) hours prior thereto. Qualification of Bidders: Bidder must have documented experience in the installation of PV Solar Arrays in the state of Indiana. The bidder must have at least three completed, commercial installations to qualify for this works. Installations must be referenced in the bid packet. The Work: The Work shall be completed by certified/qualified Contractor(s) and Subcontractor(s) for the Project all as required by the Bidding Documents which have been assembled into a bound Project Manual and consists of: The base bid for which proposals are to be received is for the construction of a ground mounted, 89.3 kWdc / 100.0 kWac PV solar array connected to the existing electrical infrastructure at the Sly Run Lift Station. Contract Award: Any Bid may be withdrawn prior to the deadline for receipt of Bids, but no Bidder shall withdraw its Bid within sixty (60) days after the opening of the Bids. If a contract is awarded, it will be to the "lowest responsible and responsive bidder" in accordance with Indiana Code 36-1-12-1 et seq. The Owner, however, reserves the right to reject and/or cancel any and all Bids, solicitations and/or offers in whole or in part as specified in the solicitation when it is not in the best interests of the Owner, and waive any informalities, discrepancies, omissions, variances, or irregularities in bids received in its sole discretion. The Bid Bonds and certified checks of unsuccessful bidders will be returned upon selection of the successful Bidder, execution of the Agreement, and provision of the required Performance and Payment Bonds and Certificate of Insurance. Bid Documents: Copies of the Specifications and Contract Documents may be obtained on or after Monday, July 17, 2023. Interested Bidders may obtain electronic Bidding Documents by sending an email to mike.morley@telamon.com requesting instructions to download project documents. Submit all bid questions via email to mike.morley@telamon.com prior to 5:00 P.M. Thursday, August 10, 2023. Questions will only be accepted from firms on the official Plan Holders list. A written response will be emailed to the address on the official Plan Holder's list that is required to be completed at the time the plans are purchased. No questions will be answered by telephone. The contact person for questions is: Mike Morley, CEM Telamon Energy mike.morley@telamon.com Carbon Copy Question To: Jonathan Mirgeaux Director, Utilities Department jmirgeaux@noblesville.in.us Bidders shall assure that they have obtained complete sets of Bidding Documents and the Project Manual and shall assume the risk of any errors or omissions in Bids prepared in reliance on incomplete sets of Bidding Documents or Project Manual. Bids must be submitted on the forms contained in the Project Manual and must contain the names of every person or company interested therein. Bid Security: Each Bid shall be accompanied by bid security in the form of a Bid Bond as provided in the Project Manual in the amount of ten percent (10%) of the total Bid amount, including alternates with a satisfactory corporate surety qualified to do business in the State of Indiana or by a certified check made payable to the City of Noblesville, on a solvent bank in the amount of ten percent (10%) of the amount of the total Bid including alternates. The Bid Bond or certified check shall be security that the successful Bidder will, within ten (10) calendar days or such other time specified by Owner from the acceptance of the Bid, execute the Agreement and provide the required Payment and Performance Bonds, included in the Project Manual and Certificate of Insurance. Performance Bond and Labor and Material Payment Bond: A Performance Bond with good and sufficient surety as required by the Owner on the Form provided in the Project Manual, shall be required of the successful Bidder in an amount equal to at least one hundred percent (100%) of the Contract Sum, conditioned upon the faithful performance of the Agreement. The surety of the Performance Bond may not be released until one (1) year after the Owner's final settlement with the Contractor. The Contractor shall provide a Payment Bond with a good and sufficient surety as required by the Owner on Form provided in the Project Manual, in an amount equal to one hundred percent (100%) of the Contract Sum. The Payment Bond is binding on the Contractor, its subcontractors, and their successors and assigns for the payment of all indebtedness to a person for labor and services performed, material furnished, or services rendered. The Payment Bond must state that it is for the benefit of the subcontractors, laborers, material suppliers, and those performing services. The surety of the Payment Bond may not be released until one (1) year after the Owner's final settlement with the Contractor. All out-of-state bidder corporations must have a Certificate of Authority to do business in the State. Application forms may be obtained by contacting the Secretary of State, State of Indiana, Statehouse, Indianapolis, Indiana 46204. TL20568 7/19 7/26 2t hspaxlp

NOTICE TO BIDDERS

Notice is hereby given that the Board of Public Works and Safety for the City of Noblesville will receive sealed bids at the Clerk's Office, 16 S. 10th Street (Noblesville City Hall), Noblesville, IN 46060, before the hour of 9:00 A.M. on Tuesday, August 15th, 2023. Bids will be opened and read aloud by the Board of Public Works and Safety at 9:00 A.M. in the Council Chambers, Noblesville City Hall, 16 S. 10th Street, Noblesville, IN 46060.

DESCRIPTION: The City of Noblesville is offering 1,700 Star Bricks for use by a nonprofit in the City of Noblesville for projects enhancing the historic preservation of the City of Noblesville.

Bid Specifications:

- Bidder must be a not-for-profit organization
- Bidder must have a vested interest in historic preservation in Noblesville
- Bidder must specify the specific use of the bricks
- Any bricks not used in the specified project may not be sold or redistributed without written consent from the City of Noblesville, and, absent consent of the City of Noblesville, must be returned to the City at no cost to the City.

Full payment in the amount awarded subject to the Bids will be made to the City within thirty (30) days of final delivery of all materials.

All questions concerning the bid should be submitted to Aaron Head at ahead@noblesville.in.us. In the email subject line state the project name "Star Bricks" and include in the body of the email the company information with primary contact (address, phone, fax, and email).

Bids must be submitted in a sealed envelope marked "Noblesville Star Bricks".

The Board of Public Works and Safety reserves the right to alter or change specifications, to reject any and/or all bids, and/or to accept a bid other than the lowest bid, if in the judgment of the City it is deemed in their best interest.

Board of Public Works and Safety
City of Noblesville

AFFORDABLE DENTURES & IMPLANTS®

Life-changing dental implant solutions at an affordable price

The new Affordable Dentures & Implants practice, located at 8690 E 96th Street in Fishers, offers patients a variety of tooth replacement options – at an affordable price – to create a new, natural smile that not only looks great, but restores a patient's chewing ability, helps prevent bone loss, and transforms a patient's confidence to smile again.

An Affordable Dentures & Implants patient enjoys his new smile.

Affordable Dentures & Implants offers dental implant procedures that can restore the look, feel and function of a patient's teeth.

Dental implants provide many benefits for denture wearers. Denture wearers often experience challenges eating, talking, and interacting with others, and find their dentures to be less secure than natural teeth. **Dental implants help secure a patient's denture, so the patient does not experience these issues.**

The advantages of dental implants include:

- **Protection of Existing Teeth and Bone Structure:** A dental implant takes the place of a missing tooth. The dental implant is attached directly to the jaw. As a result, it prevents any remaining teeth from shifting and causing damage or bone loss.
- **Better Feel and Function:** If a patient has been missing teeth for a while, they often share how much of an inconvenience it is in their daily life--especially when it comes to eating. A dental implant allows patients to eat the foods they once enjoyed.
- **Restored Confidence:** Teeth affect how a patient speaks and smiles, which also affects their sense of confidence. Dental implant surgery restores teeth. In turn, patients may find it easier to smile for pictures, and communicate with friends and loved ones.

Hamilton County Supreme Showmanship Grand Champion Cassidy Schakel and Supreme Showmanship Reserve Grand Champion Eli Kolb demonstrate their showmanship skills during the Swine portion of the 51st annual Supreme Showmanship competition on Monday at the Hamilton County 4-H Fair in Noblesville.

to give Senior Showmanship winners an incentive to master showmanship, not only of their own animal but of seven species: horse, swine, beef cattle, dairy goat, sheep, dairy cow and meat goat.

The Senior Showmen winners from each of the seven species come together at this Supreme Showmanship contest each year on the Monday during the 4-H Fair to compete to be named Supreme Showman over all seven species.

The competitions put the best of the best in the show arena. Contestants wear white shirts, blue jeans, boots and their competition "letter" bibs.

During the competition, spectators fill the Show Arena to cheer on their favorite showmen, who compete with the seven different animal species, for which they were earlier deemed top shown. One species is shown at a time. Contestants draw numbers before each species and take the animals as they line up in the holding area. The horse showmanship is the first portion of the contest and takes place outdoors in the Horse Arena, weather permitting. (This year, Monday's Supreme Showmanship, which took place in the Show Arena, was delayed for a brief time due to the Royal Showmanship being delayed due to weather and moved to the Llama Barn.)

Royal Showmanship works the same as Supreme Showmanship but with six small animal breeds that include dog, cat, rabbit, llama, poultry, and pygmy goat.

"I've taken the feedback from the scorecards and saw what I needed to work on and went out and I worked harder on those," she said.

Gracie Fishers of Fishers, a 10-year 4-H'er and winner of the 2022 Supreme Showmanship, presented this year's Supreme Showmanship Grand Champion plaque to the winner.

Earlier, on Sunday afternoon at the 4-H Fair, Schakel won Senior Sheep Showman, which qualified her to represent the Sheep barn in Monday evening's Supreme Showmanship.

Each year, she received more tips on how to improve herself in the contest. She said her best tip was "Never give up on your dream and always keep fighting."

During Monday night's Supreme Showmanship contest, Schakel gained confidence right away, during the first round.

"When I felt like I had

it, was right after the Horses, when I nailed the pattern, I was pretty happy about that. Then, when I got to Dairy Cattle and Dairy Goats, and I felt like I did good there, I was pretty confident the rest of the way," Schakel said after posing for photos with the Grand Champion plaque.

This year, competing in Supreme Showmanship, five of the seven Senior Showmanship winners are females, and four of the Senior Showmanship winners hail from Hamilton Heights High School.

After earning Senior Sheep Showman on Sunday, she went to work practicing her showmanship skills with the six other breeds that she would be tested over in Monday's contest. "I went to people I knew that were good at showing livestock, and I asked if they would be willing to help me ... and it worked," she said. Even without a good luck charm. She said she was "just hoping for the best."

In 4-H this year, Schakel completed two projects, Beef Cattle and Sheep, and she felt that she did the best in Monday night's Supreme Showmanship with the Beef Cattle.

Eli Kolb of Sheridan Ag 4-H Club, who represented the Beef Cattle species, was named Hamilton County Supreme Showmanship Reserve Grand Champion on Monday night.

What does Kolb attribute to his Reserve Grand Champion Supreme Showmanship award? "I think because I just stayed calm and just did what I know how to do," said the 4-H'er in his ninth year of 4-H and showing animals.

Did he have any challenges during the contest? "The beef steer was getting a little wild, but I stayed calm and just tried to keep it under control," he said.

On Monday afternoon, Kolb won Senior Beef Cattle Showman, which qualified him to represent the Beef Cattle barn in Monday evening's Supreme Showmanship.

With just a few hours until the contest, how did he quickly prepare? "After the Cattle show, I went around and learned all of the different species and had people help me out for that ... The Cattle show got over at 3 (p.m.) and I had until 7 (p.m.) to get ready."

In 4-H this year, he completed the Cattle, Swine, Tractor Maintenance and Crops projects, his favorite "probably Cattle," he said.

Kolb also during the 4-H Fair was named a state qualifier from the district tractor-driving contest in the Ag Tractor competition.

The son of Doug and Connie Kolb, he will be a senior this fall at Sheridan High School.

When asked what makes Kolb smile, the first-time contestant in the Supreme Showmanship contest, said, "Doing good out here and having fun."

Past Supreme Showmanship Grand Champions Spencer Carson, from 2007, and Nathan Day, from 2003, were co-chairmen and co-emcees for the Supreme Showmanship.

Carson, 32, Arcadia, has helped with the Supreme Showmanship for the past few years. He graduated in 2009 from Hamilton Heights High School and in 2013 from Purdue University.

"I thought it ran smoothly for the challenges that we had, like normal. The weather, we can't always predict that ... The skills of the showmen were good ... I think they all did a nice job and, overall, a complete set of showmen."

The seven 2023 Senior Showmen competing in Supreme Showmanship: -Pilar Bravo, Indianapolis, Giddy Up Gang 4-H Club, daughter of Syreeta and Ignacio Bravo, eight-year 4-H'er, Perry Meridian High School senior, representing Horse & Pony.

-McKinley Underhill, Noblesville, Llama Trekkers 4-H Club, daughter of Sean and Amy Underhill, 10-year 4-H'er, 2023 Noblesville High School graduate, representing Dairy Goats.

-Eli Kolb, Sheridan, Sheridan Ag 4-H Club, son of Doug and Connie Kolb, nine-year 4-H'er, Sheridan High School senior, representing Beef Cattle.

-Kassidy Schakel, Atlanta, Jackson Hotshots 4-H Club, daughter of Chris and Dawn Schakel, nine-year 4-H'er, Hamilton Heights High School senior, representing Sheep

-Olivia Long, Cicero, Husky 4-H'ers, daughter of Lloyd and Keturah Long, 10-year 4-H'er, 2023 Hamilton Heights High School graduate and freshman at Purdue University this fall, representing Dairy Cattle.

-Jayden Williams, Noblesville, Walnut Lassies & Laddies 4-H Club, daughter of Jayson Williams, 10-year 4-H'er, 2023 Hamilton Heights High School graduate and a freshman at Ball State University this fall, representing Meat Goats.

-Keagan Shively, Noblesville, Heartland 4-H'ers 4-H Club, son of Matt and Bobbi Shively, seven-year 4-H'er, Hamilton Heights High School sophomore, representing Swine.

Each of the 4-H'ers were earlier Senior Showman in each species' animal barn to qualify for the Supreme Showmanship.

PAULA From Page A1

Activity Center in Arcadia.

I haven't had time to check that out in person either, but I found a couple of videos on YouTube. The History Hallway contains photos and artifacts that trace the development of Hamilton Heights from the early Jackson Township schools to the present. It also includes a tribute to Ryan White.

Ed Snyder, "a former Red Devil/Eagle/Husky," noted that Hamilton Heights' school colors were originally brown, white and tan, but since tan wasn't that impressive on an athletic uniform, orange trim was soon

added.

That was followed by a movement to change the uniforms from dark brown to a jazzier orange, but the switch had to be approved by the IHSAA and that took a while. The IHSAA was afraid orange uniforms would make it harder for refs and opposing players to see the basketball.

Obviously, they eventually gave in. (Hey, orange was good enough for Syracuse University!)

Correction: Last week I wrote that the commissioned high schools of the early 1900s were different from those managed by townships. After I sent that column in, I discov-

ered that a commissioned high school COULD be run by a township.

To be commissioned, a school just had to meet certain requirements set by the state board of education in areas such as the types of courses offered, teachers' backgrounds, and the condition of the building itself.

Finally, August starts next week — time to begin counting fogs to see how much snow we're in for this winter!

which is very exciting for me."

To earn the CPFIM certification, individuals must participate in a six-hour certification training and successfully pass a comprehensive exam on the following training objectives components: identifying and understanding investment options; how and where to buy investments; establishing internal controls and developing procedures; identifying and mitigat-

ing risk in the portfolio; quantifying and reporting safety measures; understanding liquidity needs and yield calculations; managing and forecasting investments; and, implementing and monitoring strategy.

The CPFIM is awarded to approximately 125 professionals annually. To maintain the certification, recipients must demonstrate continued investment training through a reapplication process

every five years. APT US&C is a national organization formed in 1967. It was founded to support public treasury managers, financial officers, and private sector representatives with quality treasury management education and training, professional certifications, and peer networking opportunities to strengthen their commitment to public service. Additional information on APT US&C can be found at www.APTUSC.org.

CENTER From Page A1

city received two responses to the request.

"In the view of the evaluation committee, both were high quality proposals that would provide significant positive benefit to the community if chosen," said Jensen. "Upon due diligence and further evaluation, the events center and parking garage will now be built within the master planned Innovation Mile project.

Patch Development's proposal included economic and financial benefits with this location and its proximity to I-69, Hamilton Town Center, existing and planned hotels and restaurants, Ruoff Music Center, and other amenities and planned developments."

The evaluation committee also received input from consultants hired by the city to analyze economic impact, tourism impact, feasibility, parking operations, construction budgets, and construction timelines.

"Mayor Jensen's vision for how our G League team and this facility fit into Noblesville's economic development strategy illustrates why we are so excited about this partnership," said, Rick Fuson, chief executive officer of Pacers Sports & Entertainment. "We look forward to continuing to work through this process with him, his team, and City of Noblesville leaders."

With the Noblesville

Board of Works and Public Safety approving the selection earlier today, the city can now work with Patch Development to negotiate and award a professional services agreement, using the Build-Operate-Transfer procurement method. This agreement will further define the scope, design services, engineering and architectural services, programming, flexible use components, financing structure, and total costs of the project, consistent with the RFPQ and applicable law.

The Pacers G League team will play at Gainbridge Fieldhouse in the interim until the new arena is completed.
